

MASTER SERVICES AGREEMENT

between Meridian Field Services LLC ("Provider") and Bluegrass Bottling Company ("Customer")

Effective Date: January 1, 2024

1. Services

Provider shall furnish industrial equipment maintenance, calibration, and field engineering services to Customer's bottling facilities as described in Exhibit A (Statement of Services), at the service levels set out in Section 6.

2. Term

2.1 The Initial Term of this Agreement begins on the Effective Date and continues through December 31, 2026.

3. Renewal

3.1 Following the Initial Term, this Agreement automatically renews for successive twelve (12) month Renewal Terms at the fee schedule then in effect under Section 5. Either party may decline renewal by delivering written notice at least ninety (90) days prior to the end of the then-current term.

4. Emergency Services

4.1 In addition to the Services described in Exhibit A, Provider shall respond to Customer requests for after-hours or emergency equipment service outside of standard business hours (Monday-Friday, 8:00am-6:00pm).

4.2 Emergency service calls are billed separately from the annual base fee at a rate of \$185 per hour, in thirty (30) minute increments, and shall be invoiced as a separate line item on the invoice for the month following the service call.

5. Fees

5.1 Customer shall pay Provider an annual base fee of Eight Hundred Forty Thousand Dollars (\$840,000), invoiced monthly in equal installments, subject to the adjustments in this Section 5.

5.2 In recognition of Customer's status as a new facility as of the Effective Date, Provider shall apply a New Facility Discount of five percent (5%) to the fees invoiced during the first twelve (12) months of the Initial Term only, through December 31, 2024. Unless otherwise agreed in writing, invoicing after that date reverts to the full fee schedule in this Section 5, as adjusted under Section 5.3.

5.3 Provider may increase the annual base fee once per contract year, effective on the anniversary of the Effective Date, by up to three percent (3%).

6. Service Levels

6.1 Provider guarantees Covered Equipment monitoring platform availability of at least 99.5% per calendar quarter.

6.2 If availability falls below 99.5% in any quarter, Customer is entitled to a service credit equal to five percent (5%) of the fees for each month of that quarter, upon written request within ninety (90) days of the end of the affected quarter.

7. Volume Discount

7.1 In any calendar quarter in which Customer purchases more than one thousand two hundred (1,200) service-hours, Provider shall apply a discount of eight percent (8%) to that quarter's invoices.

11. Termination

11.2 Customer may terminate this Agreement for convenience on sixty (60) days' written notice, subject to a termination charge equal to twenty-five percent (25%) of the fees remaining in the then-current term.

EXHIBIT B - Rate and Invoice History (through July 2026)

Summary of annual base fees invoiced by Provider:

Contract Year	Annual Fee Invoiced	Change vs Prior Year
2024	\$798,000	-
2025	\$798,000	0.0%
2026	\$798,000	0.0%

Note: the 2024 fee reflects the New Facility Discount (Section 5.2) correctly applied for that year only. Invoices for 2025 and 2026 continue to reflect the discounted rate, though the discount expired December 31, 2024. No annual escalation under Section 5.3 has been applied in any year since the Effective Date.

EXHIBIT C - Emergency Service Call Log (2026)

Date	Hours	Reason
Jan 14, 2026	3.0	Chiller failure, night shift
Feb 22, 2026	2.5	Line down, weekend call
Mar 30, 2026	4.0	Compressor alarm
Apr 18, 2026	3.5	Emergency calibration
May 9, 2026	2.0	After-hours safety inspection
Jun 25, 2026	5.0	Weekend outage response
Jul 11, 2026	3.0	Holiday coverage call

23.0 emergency service hours were logged over seven calendar months from January through July 2026, averaging 23 / 7 hours per month (approximately 3.3). None of these calls appear as a separate line item on any invoice in Exhibit B; only the flat monthly base fee was billed in each of those months.

EXHIBIT D - Service and Availability Report (Q1 2025 - Q2 2026)

Quarter	Service-Hours	Discount Applied	Platform Availability
Q1 2025	1,310	None	99.7%
Q2 2025	1,345	None	99.6%
Q3 2025	1,420	None	99.5%
Q4 2025	1,390	None	99.6%
Q1 2026	1,455	None	98.9%
Q2 2026	1,505	None	99.1%
